**Personal Statement.**

I am a very organised and hard working person who is both reliable and punctual. I work well in a team or on my own. I am a highly skilled pipefitter/plumber/supervisor with a very high standard of work and who can communicate well with other trades, fitters, supervisor's and manager's. I am also looking to work my way up the ladder to supervisor again and maybe to manager level.

**Key skills.**

- Exceptional organisation skills as a pipefitter/ Supervisor.
- 22+ years experience in the commercial and industrial industry.
- Highly skilled in barrel pipework,1/2" to 12" screwed & flanged.
- Highly skilled in copper pipework,15mm to 108mm soldered & crimped.
- Highly skilled in plastic pipework,terrain glued,HDPE fusion weld 1 1/4" to 6",also cast iron/timesaver ensign drainage systems.
- Excellent understanding of many systems e.g Heating,LTHW,Chilled , Hot & Cold water & steam.
- Excellent understanding of victaulic grooved systems in barrel & copper.
- Excellent plant room knowledge.

**Employment History Pipefitter/ Supervisor**

**Self-employed 2006 – Present**

**2019- Present Global Pipework Service's LTD**

Working on site as a pipefitter working under a supervisor, installing heating, drainage & BCWM in barrel, crimped copper & timesaver ensign. Working from lay out & schematic drawings.

**2017 – 2019 Ramsden Pipework Service's LTD. Aaron Gazzard : 07921917452 call for reference.**

I supervised a team of 10 pipefitter & 2 welders organising work and materials for them. Meeting with other trades and manager's to organise the work and any problems that occur on site. Job Value was 10m.

**2016 – 2017 PCK Plumbing and heating. Peter Walsh : 07971394620 call for reference.**

Working on site as a pipefitter working under a supervisor, installing heating & chilled water system from boiler room and AHU'S distribution through the building and up the riser to fan coils on the floors.

2013 – 2016 Alpha Mechanical Services LTD. Kevin Williams : 07919360156 call for reference.

Started as a pipefitter, and was quickly made up to Supervisor where I supervised a big job at Hatfield uni, which had a job Value of 4m. In which I supervised a team of 8 fitters & 1 welder, organising work & material's for the fitters & welder, attending site meetings. The job consisted of fan coils on floors, radiators on floors & a big plant room consisting of 8 big AHU'S.

Other company's I have worked for installing pipework systems which consist of heating, LTHW, chilled, hot & cold water systems & drainage systems. Installing in screwed barrel, victaulic grooved & flanged, copper soldered & crimped & drainage systems in glued, HDPE fusion weld & cast iron timesaver design.

EK Mechanical Services LTD : 07866755178 ( Chaz )

C.J Smith Welding LTD : 07863340738 ( Chris )

October 2005 - February 2006 Travelling.

2002 – 2005 R.F.Thompson Heating Engineers.

Managing site team consisting of heating engineers and 3 apprentice heating engineers. Site project management – daily overseeing of heating projects from planning stages to completion. Core work features iron barrel ½" – 10", copper 15mm – 76mm and plastic 1 ¼" – 4" piping work on large projects such as colleges and hospitals. Working closely with other site trade teams to create the most efficient project solutions.

2001 – 2002 Highfield Heating LTD ( Domestic Plumber )

Liaising with clients to provide domestic plumbing solutions and project costing. Overseeing domestic plumbing projects ( office and residential based ). Main body of work involved full heating systems, combination boilers, hot water cylinders and f&e tanks, plus copper and plastic pipe work. Due to high workload and low staff numbers, strong time management skills were a priority in this position.

1997 – 2001 R.F.Thompson Heating Engineers LTD ( Apprentice heating Engineer )

Coinciding with college based vocational training. Received training in all aspects of industrial heating engineering ( all forms of pipework, all heating and hot/ cold water systems ). Shadowed senior heating engineer during working day. Developed an understanding of the overall integration of plumbing with other trades on site. Received on site teaching in core trade skills such as pipe bending ( iron & copper ), industrial plumbing methods, working from structural plans & schematics drawings, time management and task prioritization. Consistent delivery of quality industrial plumbing whilst working to strict deadlines.

Education.

**2019 – Manual Handling & Working at Heights certificate.**

**2001- CSCS Engineering Services Skillcard (Blue Card ).**

**1998 – 2000 NVQ 2 in plumbing and heating City and Guilds.**

**1997 - GCSE'S in English, Maths, Science, CDT & PE.**
